SUMMARY

Motivated and detail-oriented BTech Information Technology student with a strong foundation in full-stack web development, data science, and problem-solving. Experienced in building responsive web applications using React.js, MySQL, and Python. Proven ability to collaborate on real-world projects and deliver impactful solutions through internships and hackathons. Eager to contribute technical expertise, creativity, and leadership to innovative tech teams.

TECHNICAL SKILLS

C++ | DBMS | React Js | Node js | Html | Css | Data Science | Unity | Revit | AR

WORK EXPERIENCE

Web Development Intern -Sofueled

July - August 2024

- This project enhanced my skills in fullstack development, CRUD operations with MySQL . Improved user experience and platform security, boosting efficiency by 30%.

CMS Intern-Pristine Engineering Services

July - August 2024

- Developed a professional, responsive website for the company .
- Enhancing the company's online presence and ensuring cross-device and cross-browser compatibility.

EDUCATION

Bachelor's Degree in Information Technology - CGPA-8.4 | Honours in Data Science
Goa University

2021-2025

HSSC : Purushottom Walawalkar Higher Secondary School-Mapusa- 70%
Goa Board

2019-2021

PROJECTS

• Navisight: Indoor Navigation Using AR

Built an AR-based indoor navigation app in Unity with ARCore for real-time path guidance via QR code scanning.

Won 1st place in Project Competition organised by the Information Technology Department of PCCE

• Hotel Management System

Developed a hotel management system with MySQL , optimizing booking and customer management through automated reservation handling and real-time availability tracking.

• FitZone – Gym Website using MERN Stack

Designed and implemented a dynamic fitness website featuring exercise listings, user registration/login, and interactive UI using React, Express, MongoDB, and Node.js.

LEADERSHIP & EXTRACURRICULAR ACTIVITES

VICE PRESIDENT : SUIT -

- Spearheaded initiatives to boost member engagement through strategic events, partnerships, and skill-building programs, achieving a 20% growth in active participation.

ECELL : PCCE -

- Participated in the prestigious E-Summit organized by the ECELL (IITBOMBAY). Managed Avishkar, an inter-college event, coordinating hackathons and pitching events. Increased engagement by 80% through strategic networking and delivering impactful, knowledge-driven events.

SEMICOLONS: HACKATHON (PERSISTENT SYSTEMS) -

- Collaborated with a diverse team to address real-world challenges posed by Persistent Systems, showcasing problem-solving and creativity.

CERTIFICATATIONS

- Microsoft Azure Application (Great Learning)
- Joy Of Computing Using Python (NPTEL)
- Training and development , Industry 4.0 and IOT (NPTEL)
